Prayer Concerns and Joys:

We celebrate with Lisa and Kevin Wan following the birth of their grandson Oscar Giovanni Thomas Blackwell born on June 13. His parents are Lisa's son, Zebadiah, and daughter-in-law, Lucia Blackwell.

We hold in prayer Joyce Hughes and family following the death of her husband, Bob Hughes on June 14.

We surround Nita Hrach and family with prayer, following the death of her husband, Bill Hrach, on June 15.

We pray for an end to systemic racism and for justice and equality for people of color in our community, our nation, and around the world.

We hold in prayer those with the coronavirus, those who care for them, and those who are suffering from anxiety during this time.

As a Global Ministries Congregation, we pray this week for Israel/Palestine.

The Anatomy of **HOPE**

Where do we find hope when our world is turned upside down? What do we hold on to when we're worried about our health, our families, our jobs? What can we count on in the face of uncertainty, isolation, fear and even death?

Hope is tenacious. Hope is audacious. Hope is positively contagious.
